PENTAFLEX®
SEAT CUSHION
PRESSURE REDUCING SEAT CUSHION
The PENTAFLEX® Seat Cushion is a multi-purpose, pressure reducing cushion for use on most seat surfaces including daychairs and wheelchairs. It is constructed of contoured, high resilience polyurethane foam and is provided with a protective two-way stretch, water resistant, vapour permeable cover.

The PENTAFLEX Seat Cushion has been specifically designed to complement the PENTAFLEX range of pressure reducing mattress replacement and overlay systems.

Combining comfort, durability, and value for money, the PENTAFLEX Seat Cushion is an essential element of Huntleigh Healthcare’s 24 hour pressure sore prevention policy.

The PENTAFLEX Seat Cushion is indicated for individuals assessed to be at low risk of developing pressure sores.
