

Functional Trainer Pulley

HUR Pulley offers a large range of exercises in one machine. Its versatility makes it suitable for regular exercisers, athletes, senior citizens and wheelchair and rehabilitation users. As with all HUR machines the Natural Transmission mechanism makes the equipment easy and safe to use, regardless of the speed of movement. **The HUR Pulley is available as wall-mounted or standing models and as a crossover station.**

Pulley Standards, Options & Assemblies

1. **Pulley adjustable support handles:** Standard equipment for HUR Pulley includes two adjustable support handles, which can be used to support the lower limbs during an exercise. The handles can also be turned to an upright position ensuring full access to the machine.
2. **Pulley leg strap (8211):** Standard equipment of HUR Pulley includes a padded leg strap. It can be used as both an ankle and wrist strap. A leg strap is also available as an HUR Pulley accessory.
3. **Pulley handgrip (8210):** Standard equipment of HUR Pulley includes two single handed handgrips. A handgrip is also available as HUR Pulley accessory.
4. **Pulley strap extension (8214):** Standard equipment for HUR Pulley includes a strap extension, which can be used to facilitate training with other HUR Pulley accessories.
5. **Pulley 2 in 1 (8202):** HUR Pulley 2 in 1 is a multifunction machine with two training stations. It can consist of any kind of two HUR Pulleys (normal or light) with any display (analogue, digital or touch screen).
6. **Pulley 3 in 1 (8203):** HUR Pulley 3 in 1 is a multifunction machine with three training stations. It can consist of any kind of three HUR Pulleys (normal or light) with any display (analogue, digital or touch screen).
7. **Pulley crossover legs (for single unit) (8204):** Special crossover legs are needed if a single Pulley unit is combined with a crossover.
8. **Pulley crossover station (8205):** The modular design of HUR Pulley machines makes it possible to flexibly create different machine entities. For example, HUR Pulley 2 in 1 and HUR Pulley 3 in 1 can be combined to create one crossover station. This example has five exercise stations and a cross pulley. HUR Pulley crossover station can be combined with all HUR Pulley machines.
9. **Pulley rowing bench (8206):** A rowing bench is an HUR Pulley accessory, which enables the use of the HUR Pulley as a rowing machine or even for lateral pull-downs.
10. **Pulley tube grip glove (8216 & 8217):** The tube grip glove helps holding grip while exercising, for example, with HUR Pulley pull down grip. A tube grip glove is a suitable tool for those suffering loss of grip or aching joints etc. Gloves are available in black, for both hands or for a single hand.
11. **Pulley waist strap (8213):** A padded waist strap is an HUR Pulley accessory and it includes a strap extension.
12. **Pulley thigh-shoulder strap (8212):** A padded thigh-shoulder strap is an HUR Pulley accessory, which includes a strap extension.
13. **Pulley tetra glove (8215):** A tetra glove is an HUR Pulley accessory, which enables exercise with Pulley even if the user lacks grip force.
14. **Pulley triceps grip (8221):** A triceps grip is an HUR Pulley accessory, a narrow pull-down bar for triceps exercises.
15. **Pulley pull-down grip (8220):** A wide pull down bar is an HUR Pulley accessory for pull down exercises.
16. **SmartCard upgrade kit:** A SmartCard upgrade kit is available for any machine with an analogue or digital display. With a touch screen display and SmartCard system, training programs, repetitions and resistance, can be automatically loaded and the training data saved.
17. **Pulley wall mount (8200):** Pulley is mounted to the wall by four bolts.
18. **Pulley free standing legs (8201):** Pulley can be placed anywhere in the room with free standing legs that make it stable.

1200 Abdominal Isolator

1300 Incline Bench

For Lifelong Strength

YOUR SAFE, CUSTOMER FRIENDLY AND PROFITABLE INVESTMENT

- University level product and concept development – an innovative partner.
- Computerized solutions bring operational benefits, documents results and saves resources and time.
- Comprehensive solutions, from facility design to after sales service, from a global network of reliable partners.
- Top quality = Low lifecycle costs. All machines are designed and manufactured in Finland to stringent ISO 13485 specifications.
- High class design in both ergonomics and style. Can be tailored to your specific taste.
- Space is not an issue. Small footprint and dual function units provide an effective use of valuable space.

THE RIGHT PRODUCT FEATURES FOR REHABILITATION, SENIOR EXERCISE AND WELLNESS 40+

- Computerized training and operation
- Close to zero starting load
- 100g and 1kg increments
- Automatic resistance increase
- Safe natural movement through air-pressure technology, less stress on joints and muscles
